

Come sail away with Captain Jack

Add a little more ‘salt’ to your life with a custom cruise

Wondering how to make a pre-teen’s birthday party something she’ll never forget? Imagine delivering your little princess to her riverside park birthday party by boat, then inviting her guests for a short cruise.

Need a quiet, romantic place to propose? A sunset cruise for two couldn’t get anymore romantic, and you can pop the question while Captain Jack Feeney pops the bubbly for you. If you’re early birds, toast your engagement with a mimosa during a daybreak cruise and capture the moment the sun comes up on a new chapter in your life.

Or maybe you just need a little water-based R&R. Captain Jack has mid-day fun sails that are better than a routine coffee break.

Captain Jack Sailing, located at Mandarin Holiday Marina – less than 30 minutes from San Marco or Riverside, offers a variety of trips, from two-hour sails to overnight sailing trips and everything in between.

Captain Jack Feeney

Perhaps you’ve always wanted to see a fireworks display or the Blue Angels performance from the water. Captain Jack offers event sailing, including race watching and team building sails. He’s also a certified instructor for sailing lessons for the first-time sailor to those seeking their captain’s license.

“Julington Creek is the perfect location for people to be introduced to sailing,” said Captain Jack, who has been a sailor since he was a boy. “Because of the sheltered geography, I never have to worry about it being too windy or not windy enough to sail.

“There’s always a place I can go and the wind will be calm,” he continued. “The sunsets are absolutely spectacular there and the perfect backdrop for any special occasion.”

For most people, owning a boat is an expensive proposition, so if the pull of a perfect day on the water is too much to ignore, Captain Jack has the answer.

“When you do sunset sails, folks tend to check it off their bucket list. I would love to find people who want to think of my boat as the alternative to owning their own sailboat,” said Captain Jack. Consider scheduling more frequent forays – several times a year or monthly – so you can satisfy your Salt Life.
